Tropical Wood

- Modular and versatile bench, which allows the creation of countless possible configurations with sinuous, straight or even totally circular shapes (surrounding trees, planters, etc).
 - Formed by curved and straight modules that can be connected to each other (connection screws included).
 - Available in two versions:
 - a) Wood.
 - b) Recyplast-Recycled Plastic (does not require maintenance) **
 - ** Version especially recommended for promenades, coastal areas or places with high exposure to saline corrosion.
 - Accessories: outer backrest, inner backrest and armrests.
 - Available 2 curved modules with different radii: R1500mm 90° (closed curve), R2500mm 45° (open curve) and 1 straight module 1,800mm long, all of which can be combined with each other.
 - Support structure made of 3 and 5mm thick galvanized and pickled steel with anticorrosive primer rich in zinc and thermo-heating polyester powder coated finish.
 - Seating area, backrests and armrests available in:
 - a) Tropical wood protected by water-based "lassure".
 - b) Recycled plastic from post-consumer plastic waste (Recyplast).
 - Can be fixed to the ground with 6 M8 expanding bolts (included)
 - Delivered assembled or unassembled according to the needs and requirements of the customer.
 - Part of the Malaga street furniture collection: Chaise Longue, Litter Bin, Planter and Picnic table.
 - Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.
-
